19 January

31 January

16 February

28 February

21 March

### OVERVIEW

This multi-professional one-day course covers simulation training especially centred on debriefing skills, principles of small group teaching and the role of human factors and their role in medical error. The day comprises course design, including the identifying of learning outcomes, and delivery. Candidates then follow up with a day of supervised teaching prior to accreditation by the London Deanery.

### OBJECTIVES

By the end of the course, participants will have learned:

- The principles of Crisis Resource Management (CRM) and how to teach them
- How to debrief teams and individuals
- How to deal with different group dynamics and maximise the effectiveness of teaching
- How to identify learning outcomes and scenario design

### WHO SHOULD ATTEND?

This course is aimed at senior doctors and nurses within the London Deanery catchment area who have an interest in medical simulation, acute care courses or healthcare education. Support is required from your Educational Supervisor.

### HOW TO REGISTER

Candidates must register online at [www.chelwest.nhs.uk/stelifac](http://www.chelwest.nhs.uk/stelifac). The course is free of charge and takes place in the **Centre for Clinical Practice** at Chelsea and Westminster Hospital (Lower Ground Floor, Lift Bank D). For enquiries please contact the Centre Coordinator on **020 3315 8632** or via the e-mail address below.
